ABOUT MANAGER SECURITY

Manager Security is a fully licensed security company that provides advanced personal security and critical infrastructure protection solutions to commercial and government organizations operating in the Kurdistan Region of Iraq.

In 2014, Manager Security entered into a partnership with the US-based Reed, Inc. to expand our current operations in Kurdistan to include advanced security and surveillance capabilities. Our past performance and local experience, combined with Reed's security expertise and global network of partners, gives Manager Security a competitive advantage in providing world-class solutions to our customers.

OUR VISION

Harumquam qui nis es repratem quidendus. Sum autem rem re ea queBorporuptae peliquae dent pa il istis que dolorempor apiendae.

OUR MISSION

Harumquam qui nis es repratem quidendus. Sum autem rem re ea queBorporuptae peliquae dent pa il istis que dolorempor apiendae.

Value

THE COMPANY OBJECTIVES

Manager Security primary objective is to offer complex security services according to the specific conditions and requirements of particular client. When dealing with security questions related to client's requirements for property security and protection of persons, we focus on solving all kind of problems related to security risks of given objects or persons by:

- implementing security analysis with evaluating of all security risks
- presenting solution of physical and technical solution
- proposing property security and protection of persons in terms of instantaneous
- long-term aspect including expenses calculation and

their coverage expressed by contractual relations proposing cooperation at solving security problems ARGUS Ltd expects to reach these objectives by:

- permanent enhancement of assessment and development of our security guard employees
- increasing the expertise of the company management
- improving planning, control and operative activities in all areas of the company including cooperation with the client
- regular monthly evaluation of service level agreement with the client

Impact

The Impact department's main objective is to provide Al Hurea clients and company operations with the most up to date security information and analysis in Iraq, delivered in a high standard and professional format by a team of experienced and dedicated analysts.

Training Courses

Al Hurea has arguably the highest qualified instructors within the industry training its security personnel, in addition to this, Al Hurea is also a Highfield, AoFAQ and British Safety Council approved training centre retaining the ability to deliver industry standard courses in country.

Security

With over 400 contractors working on numerous mobile and static security contracts across Iraq and with offices in Baghdad, Karbala, Rumaila, Basra and Erbil, Al Hurea has the necessary support functions in place to support its clients across the country.

OUR TEAM

— All the members of Manager Security team are focused on giving the best services to our clients, putting their security need above everything else, protecting their belongings and their property from unwanted damages or theft. Here are the reasons why our officers are the best in the business:

Every security guard is qualified and professional in their work. Staff members working on your property are trained to meet all the special requirements you might have. Everyone has passed First Aid and Safety training before starting work. Our guards are responsible and committed, always putting your needs first. We have officers working 24/7 keeping your property safe at all times.

Our friendly and helpful staff members are always ready to answer your questions and open to suggestions how to perfect their work even more. Each and every one of our security staff is committed to only provide the best protection and services to all our clients. Discipline is guaranteed and all our officers are fit to work as security guards.

Training

Training is a very important part of getting our officers ready for the work. Before assigning anyone to a position, we provide extensive training. All officers will have to pass First Aid and Safety training. This allows them to take the correct action in case something happens on the job. Their medical training will allow them to give first aid in case of accidents and different medical conditions. All hired staff members are also fit and ready to take any assignments, even those that need physical strength.

Even existing officers get additional training whenever new innovations or technology is introduced or if special requirements are needed for a specific client. Trained staff is the key to a successful security company, and that is exactly what we are aiming for – to provide professional services and to satisfy every client.

Magen Security is an independent consultancy not tied to any other businesses. This means that the advice we give you is unbiased, objective and impartial. After reviewing your needs, we make recommendations that are right for your business - and your budget.

Our Management team all have the necessary experience to give you the best advice possible and the knowledge to consult and recommend an unequalled security solution for you unique needs. Magen Security maintains an excellent business relation with leading manufacturers in the security industry. This allow the company to keep abreast of all the latest technological trends and state of art developments in specialized system and weapons.

“

PERSONNEL TRANSPORTATION SERVICES

Why do you need secure Transport

— Secure Executive Transportation is the provision of safe, secure and efficient driving services in support of traveling executives and their staff. This service is delivered by vetted professional security drivers utilizing a fleet of safety checked vehicles dedicated to the specific task. (such as road traffic accidents, vehicle failure, and poor route selection) as well as dangerous scenarios such as theft, kidnap, armed robbery, assault and other traumatic events.

By utilizing ExecSecure you are reducing potential exposure to risks and hazards present when conducting business travel. Traveling executives are at greatest risk when in transit to and from office, accommodation or airport locations. Secure transportation services harness local knowledge and intelligence in conjunction with vetted staff to deliver a safe and secure environment at all times.

Use of secure transportation minimizes the risk and exposure to non-criminal incidents

SECURITY MANAGEMENT SERVICES

Security Guarding

— Manager Security provides manned guarding security solutions to all types and sizes of industry, commerce and public sector organizations. When it comes to protecting people and property, we are focused on the task in hand, protecting you and your assets by:

Our security solutions can be designed to meet your specific requirements and our guards can be trained to use your equipment and technology. Full time, part time or adhoc, Manager Security will solve all your security needs, whether you are looking to supplement existing security arrangements or to outsource all your security needs.

Guarding premises against unauthorized access and damage.

Protecting property from theft or destruction.

Safeguarding people from assault or injury.

Screening visitors.

Operating and responding to alarm and security systems.

Protecting secure areas and equipment.

Patrolling for any suspicious individuals, vehicles or materials.

Conducting regular security checks.

SECURITY TRAINING SERVICES

Specialized Training for Security Needs

MSC is one of Kurdistan leading security providers. That makes us uniquely qualified to train the next generation of security personnel. MSC Security Training Services offer clients a range of customized training modules tailored to fit their team needs, all taught by expert, certified instructors with backgrounds in areas including:

* Military force protection units * Law enforcement

* Bomb squad commanders * Emergency service units

Why MSA for Security Training Services

— Security Checkpoint Operations

Designed for security professionals, this course provides comprehensive training on operating a security checkpoint screening station in a corporate or government facility. Topics covered include divestment, prohibited items, hand wand procedures and the use of Magnetometers.

Emergency Rescue & Tactical Security Services

Provides security personnel with the range of skills to execute emergency rescue operations and conduct security work in high threat areas.

Vehicle Search Techniques

Designed for private security professionals, this course provides operational level training in the recognition of improvised explosive devices (IEDs) delivered in a vehicle. Topics covered include best practices for vehicle search and inspection, vehicle-borne improvised explosive devices (VBIEDs), and VBIED recognition.

Security Guard Training

Hosted at MSC Security facilities or at client sites, we can train security personnel in required courses .

STATIC GUARD SUPPLY AND SERVICES

Armed Guards

— Manager Security provides training and staffing of both static and mobile security teams for executive protection and critical asset protection. In addition to providing armed and unarmed security personnel, Manager Security can provide the instructors, facilities, materials, and supplies needed to develop, conduct and evaluate training of security personnel in following training areas:

Firearms Training

Pistol and Carbine

Tactical Driving

Travel/Route Analysis

Attack Recognition

Defensive/Evasive Driving

Apprehension Avoidance

Emergency Medicine

Improvised Explosive Devices (IED)

Recognition/Avoidance

Canine Operations

— Manager Security provides a range of canine capabilities, from protection and patrol to explosive and weapon detection. Highly trained canines and their human handlers provide an additional level of security when protecting both physical assets and high-value personnel. We work with our clients to understand their canine requirements and can provide canine teams and advanced training through their network of world-class partners.

- * Public Safety/Asset Protection
- * Private Security/VIP Protection
- * Explosives Detection
- * Narcotics and Contraband Detection
- * Tracking/Search and Rescue
- * Canine and Handler Training

Manager Security and its elite group of partners can provide canine teams to assist in the following operations:

CASH IN TRANSIT SERVICES (CIT)

Commercial properties

— The MSC-CIT transports cash and valuables within the city as well as between the cities of IRAQ by air or surface routes depending upon requirement of the client. The company provides plane-side services to and from international destinations for currency notes, travelers' cheques, credit cards, precious metals and other valuables. Within short time.

wireless radio system and ST tracking system which is not available with our competitors in the private sector. Our armored vehicles are purpose- built, custom designed, strengthened and geared up to guard your valuable assets during transits. Skilled, trained drivers and agile security teams aboard, add up to provide a fool-proof defense against any misadventure. We also offer complete insurance of your valuables during transits.

Our Cash-in-Transit by Armored Vehicles is one the most important service which we are providing nearly in all over Iraq. The clients' cash transits in armored vehicles which are monitored diligently round the clock from the Control Room through GPS,

CCTV/SUPPLY/AND/SERVICES

CCTV

— The need for CCTV surveillance solutions and services has risen greatly, but with a lack of experienced solution providers and equipment specialists, many organizations are left with little choice. MSC are proud to offer our services in within Kurdistan.

Supply & Installation

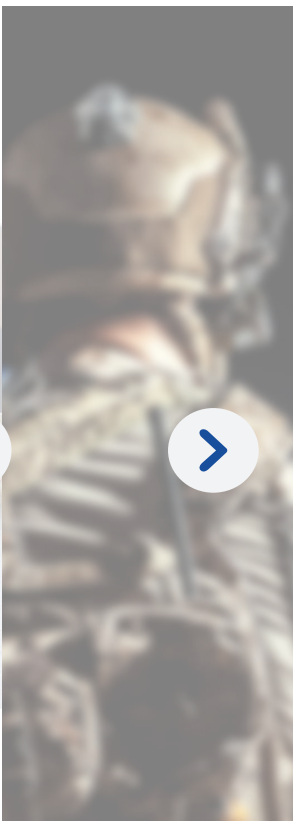

MSC supply CCTV to a very large market from small commercial products to industrial solutions. With access to hundreds of manufacturers, we can deliver the right solution for your needs. We can design and implement large scale systems including building security and retail management systems designed to protect assets and profits as well as protecting the health and safety of the public.

Technical Support

Our highly experienced technical support team continues to expand in-line with increasing demand for CCTV / Video products. The team can help with product specification and are available for site surveys and problem solving both on-site and over the telephone.
